### Rules for E-poster

Theme: Blood Pressure,  
Hypertension,  
Cardiovascular Physiology

1. All posters will be set in portrait style orientation and all information (i.e. text, data, photos, and figures) must be designed to appear within one window/slide.
2. Use Page Setup and choose Slide Size: "Custom (Width 50 cm, Height 90 cm)" with a Portrait orientation.
3. Save your PPT into PDF format.
4. Select background colors that contrast well with the font to allow easier reading of your text.
5. It can be an original article, which has not been published in any journals or any innovative ideas which can be presented as poster.
6. Headings under which poster should be made: Title with author details, Presenter name should be underlined, Introduction, Aims and objectives, Methodology, Results, Conclusion, References
7. Each poster must include text in a large enough font (~20 point font). Lettering on illustrations should be large and legible.
8. Avoid overcrowding figures and cramming too many numbers into tables. Legends and titles should accompany all figures, tables, photographs, etc. in order to allow their immediate identification.

The poster to be submitted to e-mail ID  
[physioaiimsrbl@gmail.com](mailto:physioaiimsrbl@gmail.com) on or before 05 May 2024.

7698285445
